

Sandy,

Congratulations! What a great teacher, colleague and friend you are!

Thanks for sharing your new ideas and knowledge to help me and others become better teachers. Your support and kindness and encouragement meant a lot to me. You are truly a great friend.

You changed the lives of 1000+ students. How lucky they were to be in your class! You gave them a solid foundation from which they will continue to build on. Many have gone on to have successful lives.

Now it's time to have fun. Enjoy retirement! You can sleep in, travel (not on weekends and school vacations), volunteer and do whatever! I'm looking forward to have "hanging out" with you more often. Again, Congratulations!

Elsie Love,  
Elsie
